

गोदावरीत टेक्नोव्हेशन २०२३ चे उद्घाटन

जळगाव, (वा.) मुंबई, पुणे यासारख्या विभागांमध्ये प्रचंड टॅलेंट आहे. आयईईईच्या माध्यमातून राज्यभरात दौरे करतांना संपूर्ण महाराष्ट्रातही अशा टॅलेंटचा शोध घेण्यासाठी सात विभाग करण्यात आले. या सात विभागांपैकी उत्तर महाराष्ट्रातही टेक्नोव्हेशन या स्पर्धेचे आयोजन करण्यात आले. प्रकल्प स्पर्धांच्या आयोजनात गोदावरी अभियांत्रिकी महाविद्यालयाने जोरदार सुरुवात केली असून संशोधनात्मक स्पर्धांमध्ये गोदावरी 'बेस्ट' असल्याचे प्रतिपादन आयईईई बॉम्बे स्टुडंट सेक्शन कमिटीचे दत्तात्रय सावंत यांनी केले. जळगाव येथे गोदावरी अभियांत्रिकी महाविद्यालयात आयईईई बॉम्बे स्टुडंट सेक्शन अॅक्टीव्हिटी कमिटीच्या संयुक्त विद्यमाने टेक्नोव्हेशन २०२३ या प्रकल्प स्पर्धेचे दत्तात्रय सावंत यांच्या हस्ते उद्घाटन करण्यात आले. यावेळी ते बोलत होते. याप्रसंगी व्यासपीठावर गोदावरी फाऊंडेशनचे अध्यक्ष माजी खा. डॉ. उल्हास पाटील, गोदावरी अभियांत्रिकीचे प्राचार्य डॉ. विजयकुमार

अभियांत्रिकी १११ विद्यार्थ्यांचे सादरीकरण

जळगाव, धुळे, नंदुरबार व नाशिक जिल्ह्यातील अभियांत्रिकी महाविद्यालयाच्या अंतिम वर्षातील विद्यार्थ्यांनी सहभाग नोंदविला आहे. यात एकूण ३१ प्रकल्प प्रदर्शनासाठी ठेवण्यात आले असून सुमारे १११ विद्यार्थ्यांनी त्यांचे प्रकल्पांचे प्रदर्शन भरविले. यात गोदावरी अभियांत्रिकी महाविद्यालयातील ११ प्रकल्प आहे. दरम्यान गोदावरी अभियांत्रिकी महाविद्यालयातील टीम ही माझ्या अपेक्षेपेक्षाही सर्वोत्तम काम करीत असल्याचे गौरवोद्गारही डॉ. उल्हास पाटील यांनी व्यक्त केले.

पाटील, अधिष्ठाता व आयडइड स्टुडंट ब्रँचचे समुपदेशक तथा प्रकल्प स्पर्धेचे समन्वयक प्रा. हेमंत इंगळे, डॉ. प्रमोद भिडे, प्रा. दीपक झांबरे, अधिष्ठाता व महाविद्यालय विकास टेक्नोव्हेशन २०२३ चे समन्वयक प्रा. शफीक अंसारी हे उपस्थित होते. दत्तात्रय सावंत पुढे म्हणाले की, विद्यार्थ्यांच्या प्रगतीसाठी हे उत्तम

व्यासपीठ असून या स्पर्धेत विजयी स्पर्धकांना कोपरगावला १५ रोजी होणाऱ्या अंतिम फेरीत सहभागी होता येणार आहे. टेक्नोव्हेशन या स्पर्धेचे गोदावरी च्या टीमने उत्तम आयोजन केल्याचेही त्यांनी सांगितले. यावेळी डॉ. प्रमोद भिडे यांनीही विद्यार्थ्यांना मार्गदर्शन केले. प्रास्ताविक प्राचार्य डॉ. विजयकुमार पाटील यांनी केले.

मास्टरमाइंडची संधी

विद्यार्थ्यांमधील बौद्धिक क्षमता ओळखण्यासाठी आणि त्यांचे कौशल्य सादर करण्यासाठी या स्पर्धेचे आयोजन केले आहे. आयुष्यात तुम्ही स्वतःला कसे सादर करता हे खूप महत्वाचे आहे. प्रत्येकाला एक सिक्स सेन्स असतो. आयडीया असते. या सिक्स सेन्सचा आणि कल्पना शक्तीचा वापर करण्यासाठी हे व्यासपीठ आहे. त्यासाठी सातत्य आणि कठोर परिश्रम हे आवश्यक आहेत. जागतिक व्यक्तीमत्त्व होण्याची ही एक नवीन सुरुवात असून प्रकल्प स्पर्धा ही मास्टर माइंड होण्याची सुवर्णसंधी असल्याचा सल्ला माजी खा. डॉ. उल्हास पाटील यांनी स्पर्धेतील सहभागी विद्यार्थ्यांना दिला.

Report on Program Seminar/Guest Lecture/Special Lecture

Name of Program	Maharashtra innovation challenges by vaishnav chaudhari Prof Harish Patil.
Year	2023-2024
Date:	5/2/2024
Details of Program	<p>Maharashtra innovation challenges by vaishnav chaudhari Prof Harish Patil.on date 5/2/2024</p> <p>Maharashtra Innovation Challenges are initiatives organized by the Government of Maharashtra to encourage and harness innovative ideas from individuals, startups, entrepreneurs, and institutions to address various social, economic, and environmental challenges within the state. These challenges are designed to foster a culture of innovation, drive sustainable development, and improve the quality of life for the citizens of Maharashtra.</p> <p>Types of Innovation Challenges</p> <ol style="list-style-type: none">1. Startup Challenges:<ul style="list-style-type: none">○ Objective: Encourage startups to develop innovative solutions for specific sectors like agriculture, healthcare, education, smart cities, and more.○ Target Audience: Startups, entrepreneurs, and innovators across Maharashtra.○ Incentives: Funding, incubation support, mentorship, and access to government contracts.2. Hackathons:<ul style="list-style-type: none">○ Objective: Gather coders, designers, and problem-solvers to collaborate on tech-based solutions for real-world problems.○ Target Audience: Students, tech enthusiasts, developers, and startup teams.○ Incentives: Cash prizes, incubation opportunities, and the chance to work with the government on implementing solutions.3. Social Innovation Challenges:<ul style="list-style-type: none">○ Objective: Address social issues like education, gender equality, health, and rural development through innovative approaches.○ Target Audience: NGOs, social enterprises, and individuals passionate about social change.○ Incentives: Grants, partnerships with governmental and non-governmental organizations, and recognition.4. Environmental Challenges:<ul style="list-style-type: none">○ Objective: Promote sustainable practices and solutions for environmental conservation, waste management, and renewable energy.○ Target Audience: Environmentalists, green startups, academic institutions, and innovators.

- **Incentives:** Grants, pilot projects, and opportunities to scale up solutions.

5. **Public Sector Innovation Challenges:**

- **Objective:** Improve governance, public service delivery, and citizen engagement through innovative tools and methodologies.
- **Target Audience:** Public sector employees, startups, and civic tech organizations.
- **Incentives:** Implementation of solutions in government projects, funding, and awards.

Structure of the Challenges

1. **Problem Statement Definition:**

- The government or organizing body defines specific problems or areas that need innovative solutions, often in consultation with stakeholders.

2. **Application Process:**

- Participants are invited to submit their ideas, proposals, or prototypes online. This is usually followed by an initial screening or shortlisting process.

3. **Mentorship and Support:**

- Shortlisted participants may receive mentorship from industry experts, academicians, and government officials to refine their ideas and develop workable solutions.

4. **Pitching and Evaluation:**

- Participants present their solutions to a panel of judges, which may include industry leaders, government officials, and subject matter experts.
- Solutions are evaluated based on criteria like feasibility, scalability, impact, and innovation.

5. **Awarding and Recognition:**

- Winners receive cash prizes, grants, or contracts to implement their solutions. They may also receive media coverage and recognition from the government.

6. **Implementation and Monitoring:**

- Winning solutions are often piloted or implemented in collaboration with government agencies, with progress being monitored for effectiveness and scalability.

Examples of Past Challenges in Maharashtra

1. **Maha Innovation Challenge:**

- Focused on various sectors including agriculture, education, and healthcare, this challenge called for innovative solutions to drive state-wide development.

2. **Maharashtra Startup Week:**

- An annual event where startups present solutions across different domains, with winners receiving funding and support to implement their projects in collaboration with the state government.

3. **Waste to Wealth Challenge:**

- Encouraged innovations in waste management, recycling, and

	<p>sustainable practices, targeting both urban and rural areas.</p> <p>4. Smart City Challenge:</p> <ul style="list-style-type: none"> ○ Aimed at developing smart city solutions to improve urban infrastructure, transportation, and citizen services in various cities across Maharashtra. <p>Impact and Benefits</p> <ul style="list-style-type: none"> • Encourages Local Talent: Provides a platform for local innovators and startups to showcase and implement their ideas. • Solves Real Problems: Focuses on solving pressing issues faced by the state, leading to tangible improvements in various sectors. • Economic Growth: Stimulates economic development by supporting startups and creating new job opportunities. • Collaborative Innovation: Fosters collaboration between the government, private sector, academia, and civil society. <p>How to Get Involved</p> <ul style="list-style-type: none"> • Stay Updated: Follow government announcements and websites for information on upcoming challenges. • Prepare Proposals: Work on innovative ideas or solutions that address specific problems in Maharashtra. • Participate in Events: Join hackathons, workshops, and pitching events to network and refine your solutions. • Collaborate: Team up with other innovators, startups, or organizations to enhance your chances of success. <p>FB LINK https://m.facebook.com/story.php?story_fbid=pfbid0489X8xacw161VvmSy2MaT5mtcQxYGoYXSs9X4PnMQwiZHpxe9HcwaxDCm6cTm2NBl&id=100063789711244&mibextid=9R9pXO</p>

गोदावरी अभियांत्रिकी व तंत्रनिकेतनमध्ये महात्मा गांधी जयंती साजरी

जळगाव - गांधी जयंती दरवर्षी २ ऑक्टोबर रोजी साजरी केली जाते आणि महात्मा गांधींच्या जीवनाचा आणि तत्त्वांचा सन्मान केला जातो. गांधीजींना 'राष्ट्रपिता' मानले जाते. *देशाला

स्वातंत्र्य मिळवून देण्यामध्ये त्यांचे महत्त्वपूर्ण योगदान आहे. सामाजिक आणि राजकीय परिवर्तनासाठी अहिंसा, सविनय कायदेभंग व सत्य हे तत्त्व सामर्थ्यवान साधने म्हणून वापरणाऱ्या गांधीजींना श्रद्धांजली देण्यासाठी हा दिवस साजरा केला जातो.

गोदावरी अभियांत्रिकी महाविद्यालय व तंत्रनिकेतन येथे महात्मा गांधी यांची जयंती दिनांक २ ऑक्टोबर २०२३ रोजी साजरी करण्यात आली. याप्रसंगी महाविद्यालयाचे प्राचार्य डॉ. विजयकुमार पाटील, प्रा. दीपक झांबरे (समन्वयक तंत्रनिकेतन) प्रा. हेमंत इंगळे (अधिष्ठाता), महाविद्यालयातील सर्व विभाग प्रमुख प्राध्यापक वर्ग तसेच विद्यार्थी अधिक संख्येने उपस्थित होते.

याप्रसंगी राष्ट्रपिता महात्मा गांधी यांच्या प्रतिमेचे पुष्पहार

अर्पण करून पूजन करण्यात आले. महाविद्यालयातील महिमा भोईटे या विद्यार्थिनीने मनोगत व्यक्त केले. त्यामध्ये तिने राष्ट्रपिता महात्मा गांधी यांच्या बद्दल सांगताना त्यांनी देशाच्या स्वातंत्र्यासाठी केलेल्या कार्याचा उल्लेख केला. त्यानंतर महाविद्यालयाचे *प्राचार्य डॉ. विजयकुमार पाटील* यांनी गांधी जयंतीचे महत्त्व केवळ त्यांचा जन्मदिवसाचे स्मरण करण्यामध्येच नाही; तर त्यांचे नेतृत्व आणि सामाजिक न्याय व शांततेसाठी अतूट बांधिलकी ओळखण्यातही आहे. महात्मा गांधी यांचा जन्मदिवस हा संपूर्ण जगामध्ये (जागतिक अहिंसा दिन) म्हणून साजरा केला जातो. अशा थोर व्यक्तीचे विचार आणि गुण आपण सर्वांनी नक्कीच आत्मसात करायला हवे असेही त्यांनी नमूद केले. सदर कार्यक्रमाप्रसंगी महाविद्यालयातील शिक्षक व शिक्षकेतर कर्मचारी तसेच विद्यार्थी उपस्थित होते.

It is a day to appreciate the literary achievements of Marathi writers, poets, and thinkers who have contributed to the development and preservation of the language.Vishnu Vaman Shirwadkar (Kusumagraj):<ul style="list-style-type: none">Born on February 27, 1912, Kusumagraj was a prolific Marathi poet, playwright, and novelist. His works reflect the socio-cultural fabric of Maharashtra and resonate with themes of humanism, social justice, and cultural pride.Kusumagraj's contributions to Marathi literature earned him numerous accolades, including the prestigious Jnanpith Award. His birth anniversary is celebrated as Marathi Bhasha Gaurav Din to honor his legacy and the Marathi language.Cultural and Literary Events:<ul style="list-style-type: none">Literary Gatherings: Various literary gatherings, known as Sahitya Sammelans, are organized across Maharashtra. These events feature discussions, poetry readings, and lectures by prominent Marathi authors and poets.Essay and Poetry Competitions: Schools, colleges, and cultural organizations often host essay writing, poetry recitation, and storytelling competitions in Marathi to encourage young talent.Book Exhibitions: Book fairs and exhibitions showcasing Marathi literature are held, highlighting the works of Marathi authors, both past and present.Educational Initiatives:<ul style="list-style-type: none">Marathi Language Promotion: Educational institutions emphasize the importance of the Marathi language by organizing special classes, workshops, and seminars on Marathi grammar, literature, and history.Awards and Recognition: Writers, poets, and scholars who have made significant contributions to the Marathi language are

recognized and honored on this day with various awards.

5. Cultural Programs:

- **Drama and Theatre:** Marathi plays and dramas are staged to showcase the richness of Marathi theatre. Kusumagraj's plays, which often dealt with social issues, are commonly performed.
- **Folk Performances:** Traditional Maharashtrian folk performances like Tamasha, Lavani, and Powada are organized to celebrate the cultural heritage of the Marathi-speaking people.

6. Digital and Social Media Campaigns:

- In recent years, there has been a growing trend of celebrating Marathi Bhasha Gaurav Din on digital platforms. Social media campaigns, online poetry recitals, and virtual seminars are organized to reach a wider audience, especially the younger generation.

Year	2023-2024
Date:	11/03/2024 to 15/03/2024
Details of Program	<p>One week workshop on MATLAB Electrical by Prof Amit V.Mhaskar</p> <p>Organizing a one-week workshop on MATLAB for Electrical Engineering, led by Prof. Amit V. Mhaskar, can be a highly beneficial event for students, researchers, and professionals looking to enhance their skills in MATLAB, particularly in the context of electrical engineering applications. Here's a proposed structure for the workshop:</p> <p>Workshop Title:</p> <p>"Advanced MATLAB for Electrical Engineering Applications"</p> <p>Duration:</p> <p>One Week (5 Days) 11/03/2024 to 15/03/2024</p> <p>Workshop Objectives:</p> <ul style="list-style-type: none">• To provide participants with a comprehensive understanding of MATLAB and its applications in electrical engineering.• To teach participants how to model, simulate, and analyze electrical systems using MATLAB.• To familiarize participants with MATLAB toolboxes specific to electrical engineering, such as Simulink, Control Systems, and Power Systems toolboxes.• To enable participants to develop their own MATLAB scripts for solving complex electrical engineering problems. <p>Target Audience:</p> <ul style="list-style-type: none">• Undergraduate and postgraduate students in electrical engineering.• Research scholars and faculty members.• Industry professionals working in the field of electrical engineering. <p>Prerequisites:</p> <ul style="list-style-type: none">• Basic knowledge of electrical engineering principles.• Some prior experience with MATLAB is helpful but not mandatory.

Workshop Schedule:

Day 1: Introduction to MATLAB and Basic Programming

- **Session 1:** Overview of MATLAB Interface
 - Introduction to MATLAB environment and interface.
 - Basic commands and operations in MATLAB.
 - Understanding variables, data types, and operators.
- **Session 2:** MATLAB Programming Fundamentals
 - Writing scripts and functions.
 - Control flow statements: if-else, loops (for, while).
 - Vectorization and matrix operations.

Day 2: MATLAB for Electrical Circuit Analysis

- **Session 1:** Solving Electrical Circuits Using MATLAB
 - Introduction to circuit theory and matrix representation of circuits.
 - Solving linear circuits using nodal and mesh analysis.
 - Working with complex numbers and phasors in MATLAB.
- **Session 2:** Simulation of Electrical Circuits
 - Introduction to Simulink for circuit simulation.
 - Modeling RLC circuits in Simulink.
 - Time-domain and frequency-domain analysis.

Day 3: Control Systems Design and Analysis

- **Session 1:** MATLAB for Control Systems
 - Basics of control systems: transfer functions, block diagrams.
 - Analysis of system stability using MATLAB.
 - Root locus, Bode plots, and Nyquist plots.
- **Session 2:** Simulink for Control Systems
 - Designing PID controllers in Simulink.
 - State-space modeling and simulation.
 - Real-time control system implementation using MATLAB and Simulink.

Day 4: Power Systems and Signal Processing

- **Session 1:** Power Systems Analysis Using MATLAB
 - Load flow analysis in power systems.
 - Fault analysis and short circuit calculations.
 - MATLAB for power quality analysis.
- **Session 2:** Signal Processing for Electrical Engineers
 - Signal sampling, filtering, and Fourier analysis.
 - Discrete Fourier Transform (DFT) and Fast Fourier Transform (FFT) in MATLAB.
 - Application of signal processing in electrical engineering.

Day 5: Advanced Topics and Case Studies

- **Session 1:** Optimization and Machine Learning in MATLAB
 - Introduction to optimization techniques for electrical engineering problems.
 - Basics of machine learning in MATLAB for predictive maintenance and fault detection.
- **Session 2:** Case Studies and Project Work
 - Real-world case studies in electrical engineering using MATLAB.
 - Guided project work: Participants work on specific projects under the guidance of Prof. Amit V. Mhaskar.
 - Presentation of project results and feedback.

Workshop Materials:

- Participants will receive workshop handouts, MATLAB code examples, and access to additional resources such as tutorials and documentation.

Certification:

- Participants will receive a certificate of completion at the end of the workshop, signed by Prof. Amit V. Mhaskar.

Report on Program Seminar/Guest Lecture/Special Lecture

Name of Program	Expert talk on Renewable energy power plants (Biomass Based)
Year	2023-2024
Date:	11/10/2023
Details of Program	<p>Expert talk on Renewable energy power plants (Biomass Based).</p> <p>Topics to be covered</p> <p>Biomass-based power plants are an interesting topic in renewable energy. Here's a breakdown of the key aspects:</p> <p>What is Biomass Energy?</p> <p>Biomass energy comes from organic materials like wood, agricultural crops, animal waste, and other biological materials. These materials can be used to produce heat, electricity, or fuel.</p> <p>How Biomass Power Plants Work:</p> <ol style="list-style-type: none"> 1. Feedstock Collection: Organic materials are gathered and prepared. This can include agricultural residues, wood chips, dedicated energy crops, and even certain types of waste. 2. Conversion Process: <ul style="list-style-type: none"> ○ Direct Combustion: The biomass is burned to produce heat. This heat is then used to produce steam, which drives a turbine connected to a generator. ○ Gasification: Biomass is converted into a gas (syngas) through a high-temperature process with limited oxygen. The syngas can then be burned to produce electricity. ○ Pyrolysis: Biomass is heated in the absence of oxygen to produce bio-oil, charcoal, and gas. The bio-oil can be refined into fuels or used in combustion processes. ○ Anaerobic Digestion: Microbial processes break down biomass in an oxygen-free environment to produce biogas, which is primarily methane. The biogas can be used directly or processed into electricity and heat. 3. Energy Generation: The thermal or chemical energy produced is converted into electrical energy using turbines or engines. <p>Advantages of Biomass Power Plants:</p> <ul style="list-style-type: none"> • Renewable Source: Biomass is a renewable resource as long as the rate of consumption doesn't exceed the rate of replenishment. • Waste Reduction: Utilizes waste materials, reducing landfill use and associated greenhouse gas emissions.

- **Carbon Neutral:** The carbon dioxide released during combustion is offset by the carbon absorbed by plants during their growth.

Challenges and Considerations:

- **Resource Availability:** Consistent and sustainable supply of biomass feedstock can be a challenge.
- **Land Use:** Growing dedicated energy crops may compete with food production and biodiversity.
- **Emissions:** While generally cleaner than fossil fuels, biomass combustion can still produce pollutants and greenhouse gases.
- **Cost:** Initial capital investment can be high, and efficiency varies depending on technology and feedstock type.

Current Trends and Future Outlook:

- **Technological Advancements:** Ongoing research is improving the efficiency of biomass conversion technologies and reducing costs.
- **Integration with Other Renewables:** Biomass is often used in combination with other renewable energy sources to provide a more stable and reliable power supply.
- **Sustainability Standards:** There is a growing emphasis on ensuring that biomass is sourced sustainably and does not lead to deforestation or other environmental issues.

Year	2023-2024
Date:	2/2/2024
Details of Program	<p>Awareness of Road safety program By Mr.Shayam Lohi,RTO jalgaon</p> <p>Road safety programs are vital for reducing accidents and improving overall road safety. Mr. Shayam Lohi, as the Regional Transport Officer (RTO) of Jalgaon, would likely be involved in various initiatives aimed at enhancing road safety in his jurisdiction. Here's a general overview of what such a program might include:</p> <p>Key Components of a Road Safety Program:</p> <ol style="list-style-type: none">Public Awareness Campaigns:<ul style="list-style-type: none">Educational Workshops: Conducting workshops and seminars for drivers, school children, and community members to educate them about road safety rules and regulations.Media Campaigns: Utilizing local newspapers, radio, and television to spread messages about safe driving practices and the importance of following traffic laws.Traffic Enforcement:<ul style="list-style-type: none">Regular Checks: Implementing regular traffic checks to enforce laws related to speeding, drunk driving, and vehicle maintenance.Fines and Penalties: Ensuring that fines and penalties for traffic violations are strictly enforced to deter unsafe driving behaviors.Infrastructure Improvements:<ul style="list-style-type: none">Road Conditions: Improving road conditions and ensuring proper maintenance to reduce accidents caused by road defects.Signage and Signals: Installing clear and effective road signs, signals, and markings to guide drivers and pedestrians.Driver Training and Licensing:<ul style="list-style-type: none">Training Programs: Offering driver training programs to improve driving skills and knowledge of road rules.Licensing Exams: Conducting rigorous tests to ensure that only qualified individuals obtain driving licenses.Community Engagement:<ul style="list-style-type: none">School Programs: Implementing road safety programs in schools to teach children about pedestrian safety and responsible behavior on the roads.Local Events: Organizing road safety awareness events and rallies to engage the community and emphasize the importance of road safety.Emergency Response Preparedness:<ul style="list-style-type: none">Accident Response Training: Training emergency responders and healthcare professionals in effective accident response and first aid.Emergency Plans: Developing and regularly updating plans for

quick response to road accidents and ensuring proper coordination among emergency services.

Objectives of the Program:

- **Reduce Accidents:** Lower the number of road accidents and fatalities by promoting safe driving practices and improving road infrastructure.
- **Increase Compliance:** Improve compliance with traffic laws and regulations through enforcement and education.
- **Enhance Awareness:** Raise awareness about road safety issues among the general public and encourage responsible behavior.

Impact Measurement:

- **Accident Statistics:** Monitoring changes in accident rates and fatalities to measure the effectiveness of the program.
- **Public Feedback:** Collecting feedback from the community to assess the impact of awareness campaigns and training programs.
- **Program Reviews:** Regularly reviewing and updating the program based on feedback and emerging road safety trends.

emerge as a global leader in technology by harnessing innovation and research.

- **Semiconductor Mission:** Discussions centered around the objectives and expected impact of the new semiconductor facilities on India's tech industry.
- **Viksit Bharat 2047:** The conference deliberated on strategies and pathways to achieve a developed India by the year 2047, emphasizing the role of semiconductor technology in this transformation.

Key Takeaways

- **Technological Advancement:** The establishment of semiconductor facilities represents a significant advancement in India's tech infrastructure, with the potential to drive substantial economic and technological progress.
- **Educational Engagement:** The seminar provided valuable insights into how educational institutions can contribute to and benefit from national tech missions.
- **Future Prospects:** Participants gained a deeper understanding of how research and innovation will play a crucial role in realizing India's vision of becoming a technologically advanced nation by 2047.

Report on Program Seminar/Guest Lecture/Special Lecture

Name of Program	Session of Electrical Engineering Department students on Behaviour of Engineering Students at campus
Year	2023-2024
Date:	17/10/2023
Details of Program	<p>Session of Electrical Engineering Department students on Behaviour of Engineering Students at campus 17/10/2023</p> <p>Discussing the behavior of engineering students, particularly those in the Electrical Engineering Department, can be insightful for understanding the dynamics within an academic environment. Here's a general overview of key aspects that might be relevant:</p> <h3>Behavioral Aspects of Engineering Students on Campus:</h3> <ol style="list-style-type: none">Academic Commitment:<ul style="list-style-type: none">Focus on Studies: Electrical Engineering students often demonstrate a strong commitment to their coursework, given the rigorous and technical nature of their studies. This includes spending significant time in laboratories, attending lectures, and engaging in group projects.Curiosity and Innovation: Many students are naturally curious and driven to innovate, leading to active participation in research projects, internships, and technical competitions.Collaboration and Teamwork:<ul style="list-style-type: none">Group Projects: Collaboration is a significant part of the engineering curriculum. Students often work in teams on projects that require collective problem-solving, which fosters teamwork and communication skills.Peer Support: There's typically a culture of peer support, where students help each other with difficult concepts, share notes, and study together for exams.Social Behavior:<ul style="list-style-type: none">Student Organizations: Electrical Engineering students often join or form student organizations, such as IEEE student branches, where they can network, attend workshops, and participate in events that enhance their technical and leadership skills.Extracurricular Activities: Many students balance their academic lives with extracurricular activities, which might include sports, cultural events, and hobbies. This balance is crucial for their overall development and well-being.Stress and Time Management:<ul style="list-style-type: none">Academic Pressure: The demanding nature of the coursework can sometimes lead to stress, requiring students to develop strong time management and coping skills. Support from faculty, counseling services, and peer groups can be vital in managing this stress.Deadlines and Responsibilities: Engineering students often face

multiple deadlines and responsibilities, which can affect their behavior. Developing effective strategies for managing their workload is key to maintaining academic performance and personal well-being.

5. Ethical and Professional Conduct:

- **Integrity:** Ethical behavior is highly emphasized, with students expected to uphold academic integrity in their work, avoid plagiarism, and respect the intellectual property of others.
- **Professionalism:** As future engineers, students are encouraged to develop a sense of professionalism, which includes punctuality, respect for peers and faculty, and a commitment to quality in their work.

6. Adaptability and Resilience:

- **Handling Failure:** Engineering students often encounter challenges and failures in experiments or projects. The ability to learn from these experiences and adapt is a critical part of their growth.
- **Continuous Learning:** The field of Electrical Engineering is constantly evolving, and students are encouraged to adopt a mindset of continuous learning, staying updated with new technologies and methodologies.

Influence of Campus Environment:

- **Faculty Interaction:** Positive and supportive interaction with faculty can greatly influence student behavior, encouraging them to be more engaged and motivated.
- **Campus Facilities:** Access to well-equipped labs, libraries, and study spaces can enhance students' learning experiences and overall campus life.
- **Peer Influence:** The behavior of peers can have a significant impact, whether it's fostering a competitive spirit or encouraging collaboration and mutual support.

Challenges and Areas for Improvement:

- **Work-Life Balance:** Students may struggle to balance academic demands with personal life, which can affect their behavior and mental health.
- **Diversity and Inclusion:** Ensuring that all students feel included and respected, regardless of background, is crucial for a positive campus atmosphere.
- **Engagement Beyond Academics:** Encouraging students to participate in activities outside of academics can help in their overall personality development and in building a well-rounded character.

Details of Program	<p>SHASHTRA PUJAN 23/10/2023 All departments did activity effectively.</p> <p>Shastra Pujan (शस्त्र पूजन), also known as Ayudha Puja, is a traditional Hindu ritual that involves the worship of weapons and tools, symbolizing the respect and sanctity given to instruments of strength and protection. This ritual has deep cultural and historical significance, particularly in the context of warriors and military traditions, but it is also observed by people in various professions.</p> <p>Historical and Cultural Significance:</p> <ol style="list-style-type: none">Origins in Dussehra:<ul style="list-style-type: none">Shastra Pujan is closely associated with the festival of Dussehra (Vijayadashami), which celebrates the victory of good over evil. Traditionally, warriors and soldiers would perform this ritual to honor their weapons before heading into battle.The ritual is rooted in the belief that weapons and tools are embodiments of power, and by worshipping them, one invokes the blessings of the divine for strength, protection, and success.Warrior Tradition:<ul style="list-style-type: none">In historical contexts, particularly among the Kshatriya (warrior) class, Shastra Pujan was an important ritual. It was believed that this puja would ensure that the weapons remained effective in battle and that the warriors would be victorious.In regions like Maharashtra, Rajasthan, and among Sikh communities, Shastra Pujan has been a long-standing tradition, reflecting the martial spirit and devotion to duty. <p>FB LINK https://www.facebook.com/gfgcoeji</p>

Year	2023-2024
Date:	19/02/2024
Details of Program	<p>SHIV JAYANTI 19FEB 2024</p> <p>Shiv Jayanti, celebrated on February 19th each year, marks the birth anniversary of Chhatrapati Shivaji Maharaj, one of the greatest and most revered kings in Indian history. He was the founder of the Maratha Empire in western India and is celebrated for his contributions to the Indian subcontinent, particularly in the areas of governance, military strategy, and cultural preservation.</p> <p>Significance of Shiv Jayanti:</p> <ol style="list-style-type: none">1. Commemoration of a Hero:<ul style="list-style-type: none">○ Shivaji Maharaj is celebrated as a visionary leader, a just ruler, and a symbol of Maratha pride. His birth anniversary is an occasion to honor his legacy and remember his contributions to the Maratha Empire and the Indian nation.○ He is revered for his role in establishing a competent and progressive administration, promoting the welfare of his subjects, and his unwavering commitment to the defense of his kingdom against Mughal invasions.2. Cultural and Regional Importance:<ul style="list-style-type: none">○ Shiv Jayanti is particularly significant in Maharashtra, where Shivaji Maharaj is considered a cultural icon. The day is observed with great fervor and enthusiasm across the state.○ His leadership qualities, sense of justice, and dedication to Swaraj (self-rule) continue to inspire millions, and Shiv Jayanti is a reminder of the rich history and heritage of Maharashtra. <p>Celebrations of Shiv Jayanti at GFs GCOE Campus:</p> <ol style="list-style-type: none">1. Processions and Parades:<ul style="list-style-type: none">○ Across Maharashtra, grand processions and parades are organized, with people dressed as Shivaji Maharaj and his soldiers. These events are marked by traditional music, dance, and displays of martial arts.○ The processions often start or end at important historical sites associated with Shivaji Maharaj, such as forts or temples, adding to the historical significance of the celebration.2. Cultural Programs:<ul style="list-style-type: none">○ Cultural programs, including plays, folk dances, and musical performances, are organized to depict the life and achievements of Shivaji Maharaj. These programs aim to educate people, especially the younger generation, about his legacy.○ Historical reenactments and speeches about Shivaji Maharaj's life

	<p>and values are common during these events.</p> <p>3. Statue Decoration and Tributes:</p> <ul style="list-style-type: none">○ Statues of Shivaji Maharaj across Maharashtra are garlanded and worshipped. People offer flowers and other offerings as a mark of respect.○ In many places, local leaders and citizens gather to pay homage to Shivaji Maharaj's statues and memorials, remembering his contributions to the region and the country. <p>4. Public Speeches and Seminars:</p> <ul style="list-style-type: none">○ Public speeches and seminars are held to discuss Shivaji Maharaj's strategies, governance, and his role in resisting Mughal domination. These events often feature historians, scholars, and political leaders who reflect on his legacy.○ Educational institutions, particularly in Maharashtra, often hold special assemblies and activities to educate students about Shivaji Maharaj's life and the significance of Shiv Jayanti. <p>5. Community Feasts and Charity:</p> <ul style="list-style-type: none">○ In some regions, community feasts are organized where people come together to share a meal in honor of Shivaji Maharaj. Acts of charity, such as distributing food and clothing to the needy, are also common. <p>FB LINK https://www.facebook.com/gfgcoej</p>

Report on Program Seminar/Guest Lecture/Special Lecture

Name of Program	Session on SIH 2023 by Prof.MH Patil HoD Electrical Engg.
Year	2023-2024
Date:	09/04/2024
Details of Program	<p>Session on SIH 2023 by Prof.MH Patil HoD Electrical Engg.</p> <p>The Smart India Hackathon (SIH) is a nationwide initiative launched by the Indian government to provide students with a platform to solve pressing problems faced by industries, government bodies, and non-government organizations. SIH has become one of the largest hackathons in the world, promoting innovation and problem-solving among young minds in India.</p> <h3>What is Smart India Hackathon (SIH)?</h3> <ul style="list-style-type: none">• Objective: The main goal of SIH is to foster a culture of product innovation and problem-solving among students. It encourages them to find solutions to real-world problems, leveraging their technical skills, creativity, and teamwork.• Participants: The hackathon is open to students from various disciplines, including engineering, management, and design, making it an interdisciplinary event that promotes collaborative problem-solving. <h3>Key Features of SIH 2024:</h3> <ol style="list-style-type: none">1. Two Editions:<ul style="list-style-type: none">○ Software Edition: Focuses on software development, where teams work on developing applications, algorithms, and digital solutions to solve the given problem statements.○ Hardware Edition: Involves the development of hardware solutions, where teams create prototypes and working models to address specific challenges.2. Problem Statements:<ul style="list-style-type: none">○ SIH 2024 will feature problem statements submitted by various government ministries, private companies, and non-government organizations. These problems span diverse fields such as agriculture, healthcare, education, smart cities, energy, and more.○ The problem statements are carefully curated to ensure that they are relevant, challenging, and have the potential to create a significant impact.3. Stages of the Competition:<ul style="list-style-type: none">○ Idea Submission: Participating teams first submit their ideas or solutions to the problem statements. This stage involves detailed planning and conceptualization.○ Preliminary Round: The submitted ideas are evaluated, and selected teams are invited to participate in the grand finale.○ Grand Finale: During the grand finale, selected teams work

intensively for 36 to 72 hours (depending on the edition) to develop working solutions. They present their prototypes or applications to a panel of judges.

4. **Mentorship and Guidance:**

- Throughout the competition, teams receive mentorship and guidance from industry experts, professors, and professionals who help them refine their ideas and develop viable solutions.
- Workshops and training sessions are often conducted to equip participants with the necessary skills and knowledge.

5. **Awards and Recognition:**

- Winning teams receive awards, certificates, and sometimes financial support to further develop their solutions.
- Successful projects may also be adopted by government bodies or industries, providing students with an opportunity to see their innovations implemented in the real world.

6. **Innovation and Impact:**

- SIH has been a launchpad for many innovative solutions that address critical issues in society. It encourages a culture of entrepreneurship and provides students with exposure to real-world challenges.

Benefits of Participating in SIH 2024:

- **Skill Development:** Participants develop critical skills in problem-solving, teamwork, coding, and project management.
- **Networking:** SIH provides a platform for students to interact with industry leaders, government officials, and peers from across the country.
- **Career Opportunities:** Many participants gain internships, job offers, or even funding for startups based on their performance and innovations in the hackathon.
- **Real-World Impact:** The solutions developed during SIH have the potential to make a significant impact on society, addressing challenges in various sectors.

How to Participate:

- **Team Formation:** Students typically form teams of 6 to 8 members, often including a mix of skills such as coding, design, and domain knowledge.
- **Registration:** Teams must register through the official SIH portal and submit their solutions to the problem statements of their choice.
- **Preparation:** Participants are encouraged to thoroughly research and prepare for the hackathon, attending any pre-event workshops or sessions offered by the organizers.

Introduction:</p> <p>The installation ceremony for the various student associations at GF's GCOE Jalgaon was held on 18th October 2023. The event was graced by the presence of the esteemed Chief Guest, Shri Bharat Dada Amalkar, and the Guest of Honour, Dr. Ketaki Tai Patil. This event marked the official beginning of the new academic session, with newly elected student leaders taking charge of their respective associations: Electrical Engineering Students Association (EESA), Mechanical Engineering Students Association (MESA), Computer Engineering Students Association (CESA), and Telecom Engineering Students Association (TESA).</p> <p>2. Objective:</p> <p>The primary objective of this ceremony was to formally induct the newly elected office bearers of the student associations, promoting unity, skill development, and active participation among the students. The event aimed to highlight the role of student organizations in fostering connections, expanding skills, and enhancing the overall university experience.</p> <p>3. Program Overview:</p> <ul style="list-style-type: none">• Inauguration: The event commenced with Saraswati Poojan and the lighting of the ceremonial lamp by the Chief Guest, Shri Bharat Dada Amalkar, and the Guest of Honour, Dr. Ketaki Tai Patil. This auspicious beginning set the tone for a successful and meaningful ceremony.• Badge Distribution: The newly appointed office bearers of all the student associations were honored with badges by the dignitaries. This symbolic gesture marked their official induction into their respective roles.• Introduction of Student Councils: Following the badge distribution, the student presidents of each association—Nikita Baviskar (CESA), Hemant Zambare

(MESA), Kunika Patil (TESA), and Lalit Patil (EESA)—introduced their student councils to the gathering. Each president gave an overview of the planned activities and initiatives for the upcoming year through a well-prepared presentation, highlighting the goals and agenda of their respective associations.

- **Address by the Principal:** Dr. VijayKumar Patil, the principal of GCOE Jalgaon, addressed the gathering with an inspiring speech. He encouraged the students to put forth their best efforts and to come up with innovative ideas that would contribute to the betterment of the student community and the institution as a whole.
- **Guidance from the Guest of Honour:** Dr. Ketaki Tai Patil provided valuable guidance to the students, emphasizing the importance of overall development. She urged the students to focus on both their academic and personal growth, stressing the need for a well-rounded approach to education.
- **Chief Guest's Address:** Shri Bharat Dada Amalkar, who has held numerous prestigious positions and currently serves in various capacities, delivered an insightful and motivational speech. He shared his mantra of success with the students, urging them to boldly declare their dreams, overcome any inferiority complexes, think creatively, and work diligently to achieve their goals.

4. Student Participation:

The installation ceremony saw active participation from students across all departments, as well as faculty members and staff. The enthusiasm and support for the newly elected leaders were palpable, with students eagerly looking forward to the activities planned by their associations.

5. Conclusion:

The event concluded with a vote of thanks delivered by Ms. Simran Koli, who expressed gratitude to the dignitaries, faculty coordinators, and students for their contributions to the success of the ceremony. The program was skillfully moderated by Ms. Ketaki Tikale and Mr. Purvesh Barhate, ensuring a smooth and engaging flow of events.

6. Outcome:

- Successful installation of the student associations, setting the stage for a productive and engaging academic year.
- Clear articulation of the goals and activities planned by each association.
- Strong encouragement and motivation provided to students by the dignitaries, fostering a spirit of innovation and dedication.

Introduction:</p> <p>On 27th September 2023, a Swachhata Hi Seva (Cleanliness is Service) campaign was organized to promote cleanliness and hygiene within the campus and the surrounding community. The event was spearheaded by Mr. Atul Barhate, Dr. Anil Vishwakarma, and Prof. V. Hole, who led various activities aimed at enhancing awareness and encouraging active participation in cleanliness efforts.</p> <p>2. Objective:</p> <p>The main objective of the event was to instill the values of cleanliness and sanitation among students and staff, in line with the Swachh Bharat Mission. The campaign aimed to engage participants in hands-on activities, raise awareness about the importance of cleanliness, and foster a sense of responsibility towards maintaining a clean environment.</p> <p>3. Program Overview:</p> <ul style="list-style-type: none">• Opening Remarks: The event began with an opening address by Mr. Atul Barhate, who emphasized the significance of cleanliness as a fundamental aspect of community well-being and personal responsibility. He outlined the goals of the campaign and encouraged active participation from everyone present.• Cleanliness Drive: Following the opening remarks, participants engaged in a cleanliness drive around the campus. Volunteers, including students and staff, were involved in activities such as litter picking, cleaning common areas, and organizing waste disposal systems.• Educational Sessions: Dr. Anil Vishwakarma conducted educational sessions on the importance of sanitation and hygiene. He shared insights on effective waste management practices, the impact of cleanliness on health, and ways to integrate cleanliness habits into daily routines.• Interactive Workshop: Prof. V. Hole led an interactive workshop on sustainable practices and environmental conservation. The workshop focused on reducing

waste, recycling, and implementing eco-friendly practices. Participants were encouraged to think creatively about how to contribute to a cleaner and greener environment.

- **Feedback and Discussion:** The event included a feedback session where participants shared their experiences and suggestions for future cleanliness initiatives. This was followed by an open discussion on how to maintain the momentum of the campaign and ensure long-term impact.

4. Student and Staff Participation:

The campaign saw enthusiastic participation from students, faculty members, and staff. The involvement of a diverse group of participants highlighted the collective commitment to enhancing cleanliness and fostering a culture of responsibility.

5. Conclusion:

The Swachhata Hi Seva campaign concluded with closing remarks who thanked all participants for their efforts and contributions. The event successfully achieved its objective of promoting cleanliness and encouraging active involvement in maintaining a clean environment.

6. Outcome:

- Enhanced awareness among students and staff about the importance of cleanliness and hygiene.
- Successful completion of a cleanliness drive, resulting in a cleaner campus environment.
- Positive feedback from participants, with a commitment to continuing cleanliness efforts.

SWACHHTA PLEDGE

Mahatma Gandhi dreamt of an India which was not only free but also clean and developed.

Mahatma Gandhi secured freedom for Mother India.

Now it is our duty to serve Mother India by keeping the country neat and clean.

I take this pledge that I will remain committed towards cleanliness and devote time for this.

I will devote 100 hours per year, that is two hours per week, to voluntarily work for cleanliness.

I will neither litter nor let others litter.

I will initiate the quest for cleanliness with myself, my family, my locality, my village and my work place.

I believe that the countries of the world that appear clean are so because their citizens don't indulge in littering nor do they allow it to happen.

With this firm belief, I will propagate the message of Swachh Bharat Mission in villages and towns.

I will encourage 100 other persons to take this pledge which I am taking today.

I will endeavour to make them devote their 100 hours for cleanliness.

I am confident that every step I take towards cleanliness will help in making my country clean.

महात्मा गांधी ने जिस भारत का सपना देखा था उसमें सिर्फ राजनैतिक आजादी ही नहीं थी, बल्कि एक स्वच्छ एवं विकसित देश की कल्पना भी थी।

महात्मा गांधी ने गुलामी की जंजीरो को तोड़कर माँ भारती को आजाद कराया।

अब हमारा कर्तव्य है कि गंदगी को दूर करके भारत माता की सेवा करें।

मैं शपथ लेता हूँ कि मैं स्वयं स्वच्छता के प्रति सजग रहूँगा और उसके लिए समय दूँगा।

हर वर्ष 100 घंटे यानी हर सप्ताह 2 घंटे श्रमदान करके स्वच्छता के इस संकल्प को चरितार्थ करूँगा।

मैं न गंदगी करूँगा न किसी और को करने दूँगा।

सबसे पहले मैं स्वयं से, मेरे परिवार से, मेरे मुहल्ले से, मेरे गांव से एवं मेरे कार्यस्थल से शुरुआत करूँगा।

मैं यह मानता हूँ कि दुनिया के जो भी देश स्वच्छ दिखते हैं उसका कारण यह है कि वहाँ के नागरिक गंदगी नहीं करते और न ही होने देते हैं।

इस विचार के साथ मैं गांव-गांव और गली-गली स्वच्छ भारत मिशन का प्रचार करूँगा।

मैं आज जो शपथ ले रहा हूँ, वह अन्य 100 व्यक्तियों से भी करवाऊँगा।

वे भी मेरी तरह स्वच्छता के लिए 100 घंटे दें, इसके लिए प्रयास करूँगा।

मुझे मालूम है कि स्वच्छता की तरफ बढ़ाया गया मेरा एक कदम पूरे भारत देश को स्वच्छ बनाने में मदद करेगा।
